

Dear Friends & Supporters,

You are making a difference! By supporting our staff and volunteers, you are saving the lives of unborn children. This commitment to saving babies and sharing the Gospel is what drives everything we do in the Center.

With your help, the staff and volunteers of MyChoice are making a real difference in the lives of women who find themselves with an unplanned pregnancy.

Bob Daino, President

Your generous financial investment will allow this ministry to continue to erase the need for abortion...one woman and one baby at a time.

P.S. One time gifts are greatly appreciated, but our greatest need is for regular monthly commitments that will sustain this work into the future.

## *Mom sees wave, chooses life...*

Since we introduced ultrasound we have been able to be far more effective in making a real difference in the lives of women in unplanned pregnancies.

We recently had a patient who came into the Center planning to have an abortion. She was feeling like she had no other option. She agreed to have an ultrasound to confirm her pregnancy, and we were all amazed at what she saw. Her unborn baby waived its hand!

As a result of this moving experience she chose life. Through the use of this amazing technology women have found out that their babies were many weeks older than they thought.

The ultrasound machine and flat-panel TV monitor provide them with the first connection to their child.

## *Vision Tours*

We regularly open the Center to friends and supporters for a one hour tour. Guests are shown a brief video presentation, including real life client stories, and can experience the Center as a patient. Guests also receive a packet of information, a gift, and refreshments.

Bring your friends and family!

## *What's in a Name?*

Last year research showed that operating under the names "Care Net Orange" and "Beacon of Light" was not as effective as it could be.

We found we could serve more patients by marketing under a new name and image. We now operate under the name "MyChoice Pregnancy Care Center" with a new logo.

In the six months since adopting our new name and medical services, we've seen over 60 abortion minded women. Thirteen have made a decision for life!

## *Pastor Diaz's Article*

Pastor Ralph Diaz of New Harvest Church wrote an article for our online newsletter entitled "How Serious Are You?"
